Dear LT Cooper:

It has come to my attention that the Frontier Nursing Service Community Health Center, located in Clay County, Kentucky, has submitted an application for financial assistance through the Nurse Managed Health Clinics grant program (HRSA-10-282). I strongly endorse their application.

Located in rural eastern Kentucky, this economically depressed area suffers some of the highest levels of unemployment rates in the nation. The recent economic downturn has hit Clay County and this Community Health Center especially hard. With this funding Frontier Nursing Service will be able to continue operations for the next three years, and continue to provide critical care in an area in extreme need of access to adequate health care.

Your approval of the Frontier Nursing Service's grant request will go a long way toward improving their operation. As you review applications, I hope you will keep their needs in mind.

Again, thank you for your consideration. Should you have any additional questions, do not hesitate to contact me or Aaron Jones of my staff at (202) 225-4601.

Sincerely,

HAROLD ROGERS  
Member of Congress
